

TO: Mayor and City Council

FROM: Gregory I. Guernsey, AICP, Director, Planning and Zoning Department 

DATE: October 4, 2017

SUBJECT: Imagine Austin Year 5 Progress Report and Indicators

Please find below links to the Year 5 Progress Report for the Imagine Austin Comprehensive Plan, and the Imagine Austin Indicators. No amendments to the comprehensive plan are being proposed for your review and consideration; therefore, Council action is not required for this report.

Per City Charter, this report fulfills an important performance monitoring requirement that states that once every five years an evaluation and appraisal of the comprehensive plan should be completed and include an assessment of the overall progress of the plan and the results of the performance indicators to measure our progress towards our community vision. The Year 5 Progress Report contains the stories of the eight Imagine Austin priority programs, as well as implementation highlights, and updates to the action matrix.

The indicator results can be found in an abbreviated form in Chapter 3 of the Progress Report, or in full in the Imagine Austin Indicator Dashboard through the City's Open Data portal. Each indicator is accompanied by a description, an analysis of the results, the data source, and additional context when possible.
